PUBLIC NOTICE

Nitrate Removal Treatment Construction Project Update
And the Estimated Water Rate Increase

NOTICE IS HEREBY GIVEN THAT the Village Board of the Village of Reedsville will be holding a Project Update Meeting on **Monday September 20, 2010 at 7:00 pm** at the Reedsville Municipal Building, 217 Menasha Street, Reedsville, WI. The purpose of this meeting will be to discuss the project needs and the estimated 119 percent rate increase the project could have on rates charged to Utility customers. Attendance is strongly suggested.

Bill Lorrigan
Village President

Reedsville veterans elected State Officers of the AMVETS

Gene Wagner was recently elected AMVETS Department of Wisconsin Commander at the 66th annual convention in Manitowoc. He served in the United States Air Force.

Also elected was Ted Sterletske, who was appointed to the role of Second Vice Commander of Programs. Sterletske served his country by serving in the United States Marines.

Both men are life members of the Reedsville AMVET Post 1032.

Wagner has served as a Wisconsin district commander, department trustee and a department vice commander of membership. As the new Department of Wisconsin Commander, Wagner will tour three Veterans' Administration Hospitals in Wisconsin, two out-of-state hospitals, veteran homes and posts. Wagner will also attend meetings nation wide and will attend the AMVETS National Silver Helmet Awards in Washington, D.C. His program for this year will be to support terminally- ill veterans' Dream Fund.

Mark Your Calendars!

The Reedsville Sons of AMVETS Squad 1032 will be having a brat, hamburger, and steak fry on Saturday, October 9th at the Reedsville Country Horizons Cooperative from 9 to 3.

**Open House
Reedsville High School
Sunday, September 26th
1:00 p.m.**

Back to the "New" Reedsville High School

Tony Butturini
Reedsville High School Principal

Summer has quickly passed, and now students are back to school. The halls of Reedsville High School are markedly different. With the renovation project near total completion, students will be exposed to a state of the art, 21st century educational facility that has upgrades in technology, heating, cooling, industrial arts, fine arts, and classroom facilities. There will be a formal open house on Sunday, September 26th for the district residents to tour "your" new high school. Please mark the date on your calendar and plan to attend.

Along with the new school, there will be many new curriculum changes. New courses are now being offered, new modules in the technology lab, a new all school computer lab, new science labs, new home economics lab, new wood shop, new music area, additional project shop, and open commons area. All of these upgrades and changes will give the Reedsville residents a school they can be proud to use. It has been a long process beginning after the passed referendum in April of 2009 with a lot of people to thank for the excellent finished product. From Miron Construction (the general contractor), to Bray Architects, Elmstar Electric, Hurckman Mechanical, Omni Glass and Paint, Muermann Engineering, H.J. Martin, Invincible Furniture. All of these groups worked hard to give the Reedsville School District a state-of-the-art facility.

However, the biggest thank you goes to the district residents for supporting the referendum. This support proves the historical backing that the community has for it's school. Our storied educational history will now continue for decades to come.

Thank You!

40 Years of Teaching- Mr. Norman Pantzloff

St. John-St. James Lutheran Church and School invites you to join us in celebrating the 40th teaching anniversary of Mr. Norman Pantzloff. The celebration will be held after the 10:00am service on Sunday, September 26, 2010. Lunch, cake, and refreshments will be served during the program, which will be held in the school basement. Please RSVP to the church office at (920) 754-4568 if you would like to attend.

Mr. Pantzloff has served at St. John-St. James for all 40 years of his ministry. Teaching is only one of the many roles he has filled at St. John-St. James.

Mr. Pantzloff has played organ for worship services and served as athletic director for 40 years. He has also served as principal, coached, and refereed many games just to name a few. He has been a blessing for countless members, students, and families at St. John-St. James. May God continue to bless the efforts of Mr. Pantzloff as he continues to serve at St. John-St. James!

Reedsville Knights of Columbus Council 5798

Punt, Pass, and Kick Contest

On September 11, 2010, starting at 9am.

Glove holder to VFD - Free and 02 lines and holders.

Reedsville is happy to have a visitor from Kyrgyzstan!

Hello! My name is Nadya. I am 16 years old will be 17 in 24 of December.

I love animals, flowers. My hobbies are: playing basketball, tennis, ping-pong, music. Fantasy books, horror movies, rock music, tasting something new – my favorite things. Why did I write this small information about myself?! Because, I am exchange student from Kyrgyzstan. How did I get here? I participate in one program FLEX – future leader exchange program. My placement organization is S4-H. What is 4-H? Here is answer. 4-H is community, of young people across America, who are learning leadership, citizenship, and life skills. 4-H is largest youth organization in the world. There are over 6.8 million participants in the United States. What is H's stand for in 4-H?! – HEAD: stands for cleaner thinking and decision, making knowledge that is useful throughout life. HEART: stands for greater loyalty, strong personal values, positive self-concept, and concern for others. HANDS: stands for larger service, workforce preparedness, useful skills, and science technology literacy. HEALTH: stands for better living, healthy lifestyles.

Next question that you might have in your mind is: Why did I get here? To share my culture, and learn about American culture, traditions. To learn about citizenship, leadership, volunteerism. Learn, new hobbies. And learn new methods of fundraising for organizations. And last – Have FUN!

By the way, I think many of peoples didn't hear about Kyrgyzstan, anything. I can show you my presentation, boards, give some information, show national clothes, money, show DVD in English about my country.

Last question that you might have in your mind is: Where did live here? I have host family. Big, funny family: 3 sisters, mother, father, 2 dogs, 2 cats, 1 fish. In my country, I was only child in my small family: grandmother, mother, 1 dog, 2 cats.

I never think, that I will have a chance live in a big family.

Sad thing, that I live here only for 9 month.

All members of family respect, love each other. Sisters are very friendly. I love my host family.

Reedsville is smaller than my city Jalal Abad. But here many beautiful buildings, places, parks. I enjoy every minute in this amazing place, and I enjoy, being a member of my host family.

To hear Nadya's presentation, please call her host parents – Stan – 905-3591 or Ann Marie 905-3582.

Hello everyone,

It is amazing how fast summer has flown by and soon our children will be returning to School. Please be aware School starts in Reedsville September 1st.

Remember to pay attention as more children will be bicycling and walking our streets again. School zones are posted 15 mile per hours when students are present so take extra time when going through those areas. With more residents walking their children to and from school please remember to be a courteous animal owner and clean up after your pets. We have had numerous complaints about residents walking their pets and allowing them to defecate on the sidewalk and then failing to pick up after them. The Village of Reedsville ordinance 4-3-15 states it shall be unlawful for any person owning or in control of a dog or cat to allow or permit the animal to defecate on any private or public property owned by another unless such person shall remove all feces so deposited by such animal.

Also with windows still being open we have had complaints of dogs barking for long periods of time. Please be sure your pet is not being a nuisance to others around you. If your animal continually barks considering placing them inside your home, covering an area of their outside kennel so they cannot see the street or even using a bark collar. These tips will help maintain happy neighborhoods.

The Reedsville Police Department wants you to be advised neighboring communities have been having numerous vehicle entries. These vehicles had cash, coins, CD's, laptops and other items removed from unlocked vehicles. Please remember not to store valuables in your vehicle and if you need to leave something in your vehicle place it out of site and be sure to lock your doors. If you see something suspicious or someone who seems out of place feel free to call our office and report the incident. Many times someone says after the fact I thought I saw something last night but didn't want to bother you. If an officer checks out a situation and finds nothing wrong it is not a waste of time it is what we are here for.

Enjoy the rest of your summer.

Chief Jo Ann Mignon

Breakfast of Champions Sundays, 9am - 1pm

All proceeds go to the organizations.
Served by members of these fine organizations.

1st Sunday - Panther's Football Team

2nd Sunday - AMVETS Post 1032

Transportation Program in Reedsville

The Manitowoc County Aging and Disability Resource Center (ADRC) is looking to set up a once a week transportation program for Reedsville and the surrounding areas to: medical, shopping, nursing home visits, and more. The program is designed to provide rural individuals access to a range of activities that contribute to their quality of life. If you or someone you know is interested in the program, please call the Manitowoc ADRC office at (920) 683-5111 or (920) 683-4180, and ask to speak to Linda.

Preservation of St. Mary's News

Over 400 bicyclist came to Reedsville August 4th from Mishicot. It was a tour that started in Columbus, Wisconsin to Waupan, Plymouth, Mishicot, Reedsville, Appleton, Green Lake and back to Columbus. The bicyclist, one of which was Carol Zahorik, a Reedsville graduate who now lives in Hartland, WI, rested at St. Mary's Historical Building, had brats, burgers, and refreshments. Mark your calendar for Sunday, September 19th for booyah, brats, burgers, tortes, and pies at 615 Menasha Street. A selection of crafts and rummage sale items will also be sold. Come and get your food from us and watch the Packer game at noon.

New Guidelines for the Reedsville News

Due to many submissions after the due date in the past and many ads that are placed running very long, I have had to place some new guidelines on the Reedsville News that I will begin following strictly. The preferred method of submission is email at ragd@reedsville.org. If you do not have email please submit to the Village Clerk/Treasurer no later than noon on the due date!

All submissions past noon on the due date will be NOT be included in the Reedsville News. All submissions should run under 225 words, with some exceptions for relevant community information from community organizations. Those submissions over 225 words will be subject to editing or will not be included in the Reedsville News.

The Reedsville News continues to enjoy serving the community. Please follow the adapted guidelines and if you have any questions or concerns please call Carrie at 901-9417 or email ragd@reedsville.org

The next due date for the September Reedsville News is **September 17th**. Please continue with your information about the community and ways to help others grow in our community. Thank you.

Metabolic Syndrome on the rise

All fat is not created equal — especially as it relates to the dangers of Metabolic Syndrome. People with metabolic syndrome have an increased risk for having a heart attack or stroke, and developing diabetes.

This syndrome is a group of abnormal findings all related to the body's metabolism. It is closely linked to a specific metabolic problem called "insulin resistance." Insulin resistance develops when the body's ability to use insulin to control the amount of sugar in the blood is impaired.

Everyone knows that proper weight control is important to good health, but now the "location" of fat on a person's frame, along with other factors, matters, too.

There are five telltale signs of metabolic syndrome indicating high insulin or insulin resistance. Metabolic syndrome is typically diagnosed by having at least three of five specific signs including:

- Men having a waist over 40 inches and women with a waist over 35 inches are at increased risk.
- hypertension (greater than 135/85)
- glucose intolerance (fasting glucose greater than 110)
- high triglycerides (greater than 150)

low HDL (good) cholesterol (men less than 40 or women less than 50).

Weight loss and increasing physical activity are first-line approaches in treating this condition and can help reduce the risk of developing metabolic syndrome in the first place.

Because this syndrome is really a combination of conditions, working closely with a health care provider is crucial. We need to identify people at risk, educate them and steer them into appropriate testing and care.

Denise Brilliant, NP, is a nurse practitioner at Aurora Health Center in Reedsville. To schedule an appointment, call 920-754-4337.

Corner House News

It is fall harvest time and it is a wonderful time experience to decorate the outside of your home or business for the season. Scarecrows, pumpkins, leaves, cornstalks, and beautiful mums would make a great display for September, October, and November. The Corner House will have a big selection of items available. We are here to help you put a display near your front door or in your yard. Also, welcome the teachers back with a small or large bouquet of flowers. Be a big hit for that special teacher. Fall artificial arrangements are available at the Corner House. They are good for birthday, anniversaries, open house celebrations, or any occasion. They last a long time and are beautiful. If you are interested in learning how to put together a fall arrangement, call 754-4370 and we will arrange a class.

For more information about Reedsville Schools, Sports and our Community visit www.reedsville.k12.wi.us/

ROADWAY TO HEALTH ARE YOU IODINE DEFICIENT?

Overweight, or difficulty losing weight?

A low body temperature?

Dry skin or hair loss? Suffer from a lack of energy?

Depressed or lethargic?

Drink, swim, soak or bathe in chlorinated or bromated water?

If you answer yes to more than three of these questions, it is highly likely that you are deficient in an essential nutritional element -- iodine. In fact, if you answer yes to even two or three of these questions, increasing your iodine may be a key to improving your health.

Many thyroid disorders are nothing more than an iodine deficiency. Dr. David Brownstein, M.D., in his book, *Iodine: Why You Need It, Why You Can't Live Without It*, states that iodine deficiency may be involved in more than just low thyroid (hypothyroid function). It may also be involved in autoimmune thyroid disorders including Graves' and Hashimoto's disease.

For a free newsletter on this topic, please contact me at:

LAKE TOWN AND COUNTRY

5.3 ACRE MINI FARM now reduced to only \$129,900.

Located in the Cato area, within the Reedsville School District, yet less than 15 minutes from Fleet Farm. This property features some good 'guts,' with many hardwood floors, newer roof, well and circuit breakers. Plus, the seller will install a septic before closing.

This 3 bedroom ranch style home has a formal dining room, an attached garage, and an older barn. This is a good deal when you consider what 5 acres of vacant land is selling for... if you can find it!!

VERY GOOD BAR BUSINESS, with the zoning that would work for any businesses, including but not limited to an antique shop, craft shop, or bakery/restaurant. With the seller's investment in this state approved kitchen, dining for up to 100, and everything needed to start serving food and drinks immediately, you could be up and running fast! Plenty of off street parking on this one acre lot. Many new windows. \$159,900

\$200 Scholarship - Alyssa Olp, daughter of Doug and Sue Olp, granddaughter of Willie and Jan Rahn.

\$200 Scholarship - Ryan Lemke, son of Peter and Kim Lemke, grandson of Gene and Charmaine Wagner.

Friends of St. Patrick Harvest Picnic

The Friends of St. Patrick's 8th Annual Old Fashioned Harvest Picnic is scheduled for Sunday, September 12th, starting with an outdoor mass at St. Patrick's Heritage Park area, Maple Grove, at 11:00 a.m.

Maple Grove is located at the intersection of County Trunk G and Taus Road. The event will include kids games, adult games, a group of young Irish dancers, Sisters' Kitchen full of sweets and goodies, a silent auction featuring a team autographed Packer football, chicken booyah, brats, hamburgers, refreshments, and fresh produce.

An old car show will be taking place on the grounds. There will be musical entertainment by The Jerry Krueger Band, with a floor suitable for dancing. A raffle will be held with monetary prizes of first place - \$500, second place - \$250, and third place - \$100. Ticket prices are \$1.00 each or 6 for \$5.00 and are available from members or by calling (920) 754-4001 or 732-3462. Tickets will also be available on the grounds the day of the picnic.

Drawing for the winning tickets will be held at 3:45 p.m. on the day of the picnic.

In addition, there will be genealogical search help available. The Friends of St. Patrick, Inc. is a non profit organization established in 1992 for the purpose of preserving the rich Irish Heritage of Maple Grove, old St. Patrick Parish area. The group has members locally, and through-out Wisconsin, but their membership also includes members from 23 different states and Canada. The Friends of St. Patrick, Inc. publishes a newsletter twice a year entitled, "The Grove News", which has a mailing of 275 copies. If you have any questions about the Fall Festival, call 754-4001.
