Mark's journey began January 5th when he could not catch his breath. We went to Holy Family ER where he was diagnosed with a blot clot in his lung. They quickly transported him to Theda Clark for treatment. There things went from bad to worse. Mark was soon put on a ventilator due to strep pneumonia and was in complete respiratory failure. A few days later his kidneys shut down and dialysis was started. Sepsis, an infection throughout his whole body, then set in. Now he was in full multi-system failure and chances of survival were very slim. Although he had gone through many procedures, tests and more tests, he kept getting worse. He slipped into a coma and had a fever of 106 degrees for several days. Then they asked the us the unimaginable...to stop treatment and keep him on comfort measures only. As a family, Mom, Mari, Mike and I with the help of Lisa Peters fought to keep going to see if he could fight through one more hour, one more day. On Friday the 13th of February his fever broke and he woke up. Each day after that found him slowly fighting his way back to us. After eight weeks in the ICU he was upgraded to "serious but stable" and transferred to an acute care facility in West Allis. He spent 10 weeks there to be weaned off the ventilator and for major wound care. Now he has been moved to a subacute care center in Neenah. Here he will have intensive physical therapy and wound care. We have no doubt that Mark will be up and around and on his way back home soon. We continue to pray and stay positive as this is what has gotten Mark and all of us through.

Thank you for your continued prayers - Maureen Glasow

The Committee for Mark Glasow's Benefit is looking for prizes for the raffle. All donations can be dropped off at Jim's Service at 305 Manitowoc Street in Reedsville.

**An Open Letter to Reedsville Area Residents**

You may have noticed that the Reedsville Athletic Association (RAA) and Reedsville Area Youth Sports (RAYS) organizations are in the process of replacing the concession stand at the softball diamond. The old stand had an antiquated and in need of repair water system, bad roof, a "dozy" second story floor and only one bathroom! Instead of putting money into an old building the committees decided to build new. Thanks to a great crew you can see the building taking shape. It will have two handicap accessible bathrooms, a concession window on each end, a small weather canopy and storage in the upstairs. The brick and vinyl exterior will certainly dress up the facility. In that light the committee would like to make this facility something to be proud of. The fence is in need of repair and the field needs new "mix". Hence, we are reaching out to the community to ask for donations to continue to improve the facility.

Any monies in excess will go towards the other ball field facilities in the village.

If you would like to make a donation please send the bottom slip in. A sign will be put up later acknowledging the donation.

The level of tax deductible donations are:

Base Hit - \$50, Double - \$50-\$100, Triple - \$100 - \$250, Double-Play - \$250-\$500, Triple Play - \$500 - \$1000, and Grand Slam - \$1000+

Level of donation: (circle one) - Base Hit - Double - Triple - Double Play - Triple Play - Grand Slam

Name of Donor: \_\_\_\_\_

In memory of: \_\_\_\_\_

Please make checks payable to Reedsville Area Youth Sports. Send donation to either Tom Wenzel - 510 Ponderosa Drive, or Al Dietrich - 536 Menasha Street, both Reedsville, WI 54230. Thank you.

## New test offered at Aurora Health Center for patients on blood thinners

Aurora Health Center in Reedsville now offers an easy method of testing using a finger stick for patients on blood-thinning medications.

Patients who take blood thinners such as Coumadin, also known as Warfarin in its generic name, need to be closely monitored with a regular blood test. These medications are used when patients have blood that is too thick, which increases the risk for blood clots and strokes, and thins the blood.

The blood test called Prottime, which stands for Prothrombin time, measures the time it takes for the plasma of your blood to clot. Prottime checks for low levels of clotting in the blood, low levels of Vitamin K, liver function, abnormal bleeding and measures the effectiveness of the blood thinning medication.

We are offering this service at the request of patients who wished to have this method of testing available close to home for comfort and convenience. Results will continue to be sent to your primary care provider as usual.

*Denise Brilliant is a nurse practitioner at Aurora Health Center, 106 Mill Street, in Reedsville. To schedule an appointment, call (920) 754-4337. Aurora Health Care is a not-for-profit health care provider and a national leader in efforts to improve the quality of health care.*

## It's Business As Usual At Strikers

Rumor has it that Strikers is no longer open. That is far from the truth...for it's business as usual. Although 2008 was a rough year with Road construction, rising prices, the poor economy and now the recession-that has affected nearly all businesses, Striker's is riding it out and looking forward to better times.

In the past few months we have supplemented our income by renting out the bowling lanes and room for various functions. We have had H.S. Bowling classes, a 4H meeting/fun night, a bachelorette party, a wedding reception, a family reunion, Adult and child birthday parties and monthly auctions sponsored by Bargain City of Appleton. If you have a special event and looking for affordable space- check us out. The rate is \$50 for 3 hours, bowling included for as many people as you would like to include.

Strikers continues to provide drink specials at the bar, pool, darts and numerous electronic games. The Back Alley Grill has a full menu of sandwiches, appetizers and pizza including our very popular "Nacho Bell Grande", our Thursday Night special- Spaghetti & Meatball Dinner served with Garlic Bread and Friday Night Fish Fry's that include Perch, Blue Gill or Jumbo Shrimp Dinners. We've added booths and tables for your dining comfort or carry outs are always available.

Strikers will be celebrating 9 years in business this July. Although we are not originally from Reedsville, we now consider it our home and we don't have any plans of leaving any time soon. A lot of time, hard work and dedication has gone into the business. We've seen a lot of our customer base change over the years, some have moved away, some have passed away. We would like to thank everyone who has patronized Strikers over the years. And we would like to extend a special note of thanks and appreciation to our "Regular Customers" that have stuck with us over the years and continue to patronize our business today.

We have many exciting plans for the future depending on the economy, including further updates to the kitchen, additional menu items, Sunday buffets, and adding a breakfast menu. We hope to remodel the bowling area with lane repairs and plan on redoing the deck to accommodate smokers for the 2010 smoking ban, just to name a few.
