Hello everyone,

I would like to say Welcome Back to Officer Joe Tisler . Officer Tisler was injured in January and has recently returned to duty in the Village. Please say hello to him if you see him out on patrol.

August found the village with numerous vehicle and garage entries. Many of these vehicles were located in unlocked garages. The suspect(s) entered these garages and went through unlocked vehicles. They removed cash, coins and other items from the vehicles and garages. We have been working on the investigation since that time and information continues to come in. I would like to take a moment to thank all of the residents who called in with details about those incidents and have continued to report suspicious activity they have observed around the village. Your assistance is appreciated and working together like this will help keep our community safe. As a general rule please remember not to store valuables in your vehicle and if you need to leave something in your vehicle place it out of site and be sure to lock your doors. For added safety and precaution before turning in for the night be sure your garage doors are closed and secured.

As some you already know I have not been seen around the village in the last few weeks. I wanted to let you know I broke my ankle (off duty) and have been recovering at home. With modern technology I have been able to check in from home so please feel free to email me or leave a message at the police department and I will contact you as soon as possible. I hope to be seeing all of you soon..

### STRIKERS ENDS THE RUMORS

Strikers Sports Bar celebrated its 10<sup>th</sup> Anniversary in July 2010. The beginning of September, owner Tony Schultz informed his family, friends & regular patrons that he is selling the business. Tony says, he has had a good run but feels it time to move on. He saw the business go from \$28,000 in revenue when he bought it to \$100,000 5 years later. The business has provided him a good living. He has had a lot of great customers over the years and made many good friends. It was his dream to own a bowling center and now he hopes to pass that dream on to someone else.

Tony feels the business and building has a lot of potential with over 7900 square feet to work with. It's come a long way from the Ye Old Inn days, with new siding, windows, a 27' x 31' garage, a new bar, back bar & flooring, a completely remodeled kitchen and bathrooms. The two apartments were also extensively remodeled. Tony invested a lot over the years physically, emotionally and financially because it was never just a business, it was his home.

Tony would like to thank everyone that patronized Strikers Sports Bar, especially those that have remained regular loyal customers over the years. But remember it's **BUSINESS AS USUAL** until we find a buyer. So we hope you'll take the time to stop in and wish Tony well in his future ventures. He plans to go into retail sales opening his own store, and anyone that knows Tony knows how much he loves to shop.

### Time to get your cholesterol checked?

Did you know that cholesterol is needed to keep our bodies healthy? However, excess cholesterol can stick to the walls of vessels, making it harder for blood to move through.

**HDL is the GOOD cholesterol.** HDL stands for "high density lipoproteins." HDL can help slow the buildup of plaque and protect against heart disease.

**LDL is the BAD cholesterol.** LDL stands for "low density lipoproteins." This type of cholesterol can stick to the inner walls of arteries and form plaque. Plaque can plug up the arteries and cause clots, strokes, heart disease and heart attacks.

Cholesterol is measured with a blood test. The test reports TOTAL cholesterol, along with the breakdown of the amount of each type of cholesterol. Optimal cholesterol levels for healthy persons are:

Total cholesterol: Less than 200 mg/dL

HDL (good): at least 40mg/dL for men and 50 mg/dL for women.

LDL (bad): Less than 100 mg/dL. The lower your LDL, the lower your risk for heart disease and stroke.

Triglycerides (another fat in the blood that raises cholesterol): Less than 150 mg/dL

What can you do to maintain a healthy cholesterol level? Eat a heart-healthy diet. Maintain a healthy weight and exercise regularly. Avoid tobacco smoke.

Your health care provider may prescribe cholesterol-lowering medication, if lifestyle changes aren't enough. So please be heart smart — get your cholesterol levels checked!

### Governor Doyle Proclaims September and October as United Way Months

Governor James Doyle recently designated the months of September and October, 2010, as United Way Months in Wisconsin, in recognition of the start of fall campaigns by United Ways throughout the state.

The proclamation highlights United Way's work to mobilize the caring power of communities to advance the common good. Based in communities throughout Wisconsin, United Way focuses on the building blocks for a good life: a quality education that leads to a stable job, enough income to support a family through retirement, and good health. We all win when a child succeeds in school, when families are financially stable, and people have good health.

In 2009, Wisconsin's United Ways, serving as the primary source of private funds, collectively raised over 100 million dollars to support human services. Doyle urged Wisconsin citizens to give, advocate and volunteer in order to build a brighter future.

Last year the United Way Manitowoc County raised \$1,005,000 and provided funds to twenty three agency programs in our community. This year the United Way Manitowoc County has set a campaign goal of \$1,000,000.

For those interested in giving or beginning a campaign at your organization, please contact Laurie Crawford, Executive Director at 920.682.8888.

*The United Way Manitowoc County improves quality of life in our community through volunteer and resource development, partnership building, and advocacy.*

### Transportation Program in Reedsville

If you or someone you know is interested in the program, please call the Manitowoc ADRC office at (920) 683-5111 or (920) 683-4180, and ask to speak to Linda.

All submissions should run under 225 words, with some exceptions for relevant community information from community organizations. Those submissions over 225 words will be subject to editing or will not be included in the Reedsville News.**

The Reedsville News continues to enjoy serving the community. Please follow the adapted guidelines and if you have any questions or concerns please call Carrie at 901-9417 or email [ragd@reedsville.org](mailto:ragd@reedsville.org)

The next due date for the September Reedsville News is **October 22nd**. Please continue with your information about the community and ways to help others grow in our community. Thank you.
